*Yes! You do deserve a Superformance MKII-FIA so call today;
We are waiting to hear from you.*

What makes your MKII the best?

The Superformance MKII-FIA is the first truly authentic race replica of the 289-powered FIA and USRRC racers. Unlike most competitors, the MKII-FIA is built on the successful Tojero-styled round tube chassis and features an authentic transverse leaf spring suspension to give owners an exceptionally authentic driving experience. Through our exclusive agreement with Carroll Shelby, the MKII-FIA is the latest licensed Shelby product in the Superformance lineup.

Why Superformance?

- Superformance products are known throughout the industry for their amazingly high resale values.
- The Superformance fit and finish is world renowned and acknowledged by leading industry standard setters, as being show quality.
- Superformance has been in business for over 13 years, and is based in the United States of America.
